Product Full Name/Title	Corsair Gaming HARPOON RGB Gaming Mouse, Backlit RGB LED, 6000 DPI, Optical
Product Imagery	LINK
	
Product Video	N/A
100-Word Product Description	The HARPOON RGB mouse is built to perform, featuring a 6000 DPI optical gaming sensor with advanced tracking for precise control. The lightweight, contoured design to support the quickest of movements. The contoured shape and rubber side grips accommodate various hand grips and play styles. Equipped with six fully-programmable buttons and on-board memory, the HARPOON RGB enables extensive customization and portability. On-the-fly DPI switching adapts your mouse sensitivity to the situation for total command in every environment. The Omron switches are rated for 20 million clicks, providing an ultrafast response and reliability over time. Immersive, dynamic multicolor backlighting offers virtually unlimited customization to make HARPOON RGB your own.
50-Word Product Description	The HARPOON RGB mouse is built to perform, featuring a 6000 DPI optical gaming sensor with advanced tracking for precise control. A lightweight, contoured design supports the quickest of movements. The contoured shape and rubber side grips accommodate various hand grips and play styles. Equipped with six fully-programmable buttons and on-board memory, the HARPOON RGB enables extensive customization and portability.
25-Word Product Description	The HARPOON RGB mouse is built to perform, featuring a 6000 DPI optical gaming sensor with advanced tracking for precise control and lightweight, contoured design to support the quickest of movements.
Product Features (Style 1)	<ul style="list-style-type: none"> • High-accuracy 6000 DPI optical gaming sensor with advanced tracking • Contoured design provides a natural fit to support your playstyle • Textured rubber side grips deliver a confident hold • Six fully-programmable buttons enable completely custom configurations • Onboard memory stores your custom DPI settings on the mouse • On-the-fly DPI switching • High-performance Omron switches rated for 20 million clicks • Dynamic multicolor backlighting with virtually infinite customization • High speed USB interface ensures lag-free play
Product Features (Style 2)	<ul style="list-style-type: none"> • High-accuracy 6000 DPI optical gaming sensor: Advanced tracking and high-speed motion detection ideal for FPS gaming. • Lightweight, and contoured design: Designed to fit naturally in your hand and support multiple grip styles. The upper surface features a fine coarse finish to provide a slip-free experience for ultimate control. The compact and lightweight body to help you with quick reactions and reduce fatigue over time. • Textured molded rubber side grips: Molded rubber side grips enable you to hold the mouse with a confident, firm grip. Don't slip when lifting the mouse or make long or quick swipes. • Six fully-programmable buttons: Take control with extensive customization, anything from simple remaps to complex macros. • Onboard memory: Preconfigured for the best performance. No drivers, software or additional setup required. Customize your DPI stages and take them with you, knowing they are stored safely on your mouse. • On-the-fly DPI switching: Instantly adapt your mouse sensitivity to the situation for total command in every environment.

	<ul style="list-style-type: none"> High-performance Omron switches rated for 20 million clicks: Custom tuned for gaming, providing an ultrafast response and reliability over time. Dynamic multicolor backlighting: Smart lighting gives you that touch of personalization that makes it your own. Enjoy virtually infinite color and lighting effect customization. High speed USB interface: Superior responsiveness for fast play. 1000Hz polling rate pushes the limits of the USB protocol for a lag-free experience
