|-------------------------|--|
| SKU Live Date | August 14, 2014 |
| Product Full Name/Title | CORSAIR Vengeance LPX 16GB (4 x 4GB) DDR4 DRAM 2133MHz C15 memory kit for DDR4 Systems |
| Part Number/UPC | CMK16GX4M4A2133C15 843591051347 |
| Product Imagery | Images |
| Product Video | Product Video |
| Compatibility List | Intel® X99 platform (full list on corsair.com) |

Overview

Vengeance LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the eight-layer PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel X99 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. Vengeance LPX DDR4 modules are compatibility-tested across X99 Series motherboards for reliably fast performance. And, they're available in multiple colors to match your motherboard, your components, or just your style.

Features

| Feature | Benefit |
|--|---|

| <ul style="list-style-type: none"> Low-profile heatspreader design | <p>The Vengeance LPX module height is carefully designed to fit smaller spaces.</p> |

Tech Specs

- Density: 16GB (4x4GB)
- Speed: 2133MHz
- Tested Latency: 15-15-15-36
- Voltage: 1.2V
- Format: DIMM
- Pin Out: 288 Pin
- Heatspreader: Anodized Aluminum
- Compatibility: Intel® X99 platform ([full list on corsair.com](#))
